DERMA AND COSMETIC

Dermaeon

Innovation in Derma and Cosmetics

At DERMAEON, we believe skincare and haircare go beyond appearance—they're about confidence, protection, and complete dermal wellness. Our mission is to empower dermatologists, aestheticians, and patients with advanced, science-backed formulations rooted in clinical precision, natural actives, and cutting-edge technology.

Standing at the intersection of clinical dermatology, cosmetic science, and trichology, DERMAEON is redefining skin, scalp, and hair health through purpose-driven innovation. Whether it's acne, pigmentation, anti-aging, sun protection, hydration, dandruff, or hair thinning—our comprehensive portfolio addresses the real needs of modern dermatology

DERMAEON offers a comprehensive range of solutions for both hair and skin, addressing everything from acne and anti-aging to pigmentation, photoprotection, hydration, and hair care. Our portfolio is meticulously designed to meet the real needs of dermatologists, aestheticians, and patients alike.

Every DERMAEON product is carefully developed to deliver:

- High Efficacy backed by clinical research
- Visible Results without compromising safety
- Sustainable Ingredients with long-term dermal and hair health in mind

WHY CHOOSE DERMAEON?

REDEFINING SKIN & HAIR SCIENCE WITH PURPOSE

Science-Backed Hair & Skin Care
Every DERMAEON formulation is developed through intensive research and collaboration with leading dermatologists and trichologists. We use clinically validated actives, precision delivery systems, and data-driven innovation to ensure real results for real hair and skin concerns.

Nature-Driven, Hair & Skin-Safe
We blend the power of nature and science, using plant-based ingredients and clean-label formulations that are free from parabens, sulfates, harsh fragrances, and harmful chemicals—ideal even for sensitive and compromised hair and skin.

Total Hair & Skin Wellness Philosophy
Our approach goes beyond symptom treatment. DERMAEON is dedicated to promoting long-term hair and skin health, patient education, and lifestyle integration—helping individuals feel confident, informed, and empowered at every stage of their hair and skincare journey.

OUR PHILOSOPHY: THE DERMAEON COMMITMENT

"Hair and Skin Wellness is not a trend—it's a commitment to truth, trust, and transformation." At DERMAEON, this belief is the foundation of everything we do.

From ethical ingredient sourcing and dermatologist- and trichologist-approved formulations to patient education and sustainable packaging, we are dedicated to creating hair and skincare that is not only effective—but also responsible.

We care deeply about:

The science behind every product
The people who trust us with their hair and skin
The planet that sustains us all

Our goal is not just to treat hair and skin concerns—but to transform the way hair and skin are understood, cared for, and celebrated across every age, tone, and type.

OUR R&D WORKFLOW: FROM CONCEPT TO CLINIC

- Clinical Need Identification & Dermatology Gap Analysis
- Scientific Research & Ingredient Screening
- Pre-Formulation Trials & Stability Feasibility
- Prototype Creation & Skin Compatibility Testing
- Stability Studies, Safety Profiling & Efficacy Validation
- Scale-Up, Packaging Innovation & Regulatory Dossier Preparation

Each step is guided by ICH-compliant SOPs, ensuring that our derma products meet the highest global standards for quality, safety, and efficacy.

COLLABORATIVE INNOVATION AT DERMAEON

Stronger Together. Smarter Innovation.

At DERMAEON, we believe breakthrough Hair & skin solutions are born from collaboration. We actively partner with industry leaders and scientific institutions to accelerate innovation and ensure clinical relevance.

Our key collaboration partners include:

- CROs (Clinical Research Organizations) & Dermatology Experts
  To conduct real-world clinical trials, efficacy testing, and dermatological safety validation.
- Raw Material Innovators & Biotech Companies
  To gain early access to next-generation actives, high-performance APIs, and sustainable excipients for superior product outcomes.

R&D FOCUS AREAS

Our research is focused on developing targeted, science-based, and dermatologically and trichologically safe solutions across two key categories within the Derma Sector:

Dermaceuticals Advanced, therapeutic solutions designed to manage and treat a wide range of dermatological and trichological conditions. This includes:

For Skin:

Acne & Blemishes

Hyperpigmentation & Melasma

Premature Aging & Wrinkles

Sun Damage & Inflammation

For Hair & Scalp:

Hair Loss & Thinning

Scalp Conditions (e.g., dandruff, seborrheic dermatitis)

Hair Damage & Brittleness

These are clinically formulated products that bridge the gap between treatment and care for both skin and hair concerns.

Our Journey: Built on Purpose

Where Hair & Skin Science Meets Integrity.

DERMAEON was born from a single, powerful question: What if *hair and skin care* could be both clinically effective and ethically responsible?

From that vision, DERMAEON emerged—a dedicated division focused on delivering dermatology and trichology solutions that honor both clinical excellence and the natural intelligence of the hair and skin.

Since our inception, we have:

Developed a robust portfolio of dermatology and trichology-focused, research-backed products across hair and skin treatment, care, and aesthetic wellness.

Collaborated with top dermatologists, trichologists, scientists, and researchers to ensure safety, efficacy, and innovation.

Maintained a strong commitment to clean science, sustainability, and hair and skin health for all.

Today, DERMAEON is more than a hair and skin health brand. We are part of a growing movement to redefine dermatological and trichological care—putting people, the planet, and purpose at the center of everything we do.

Our Core Values at DERMAEON

Guiding Every Drop. Empowering Every Skin.

Integrity – Trust Built Into Every Formulation

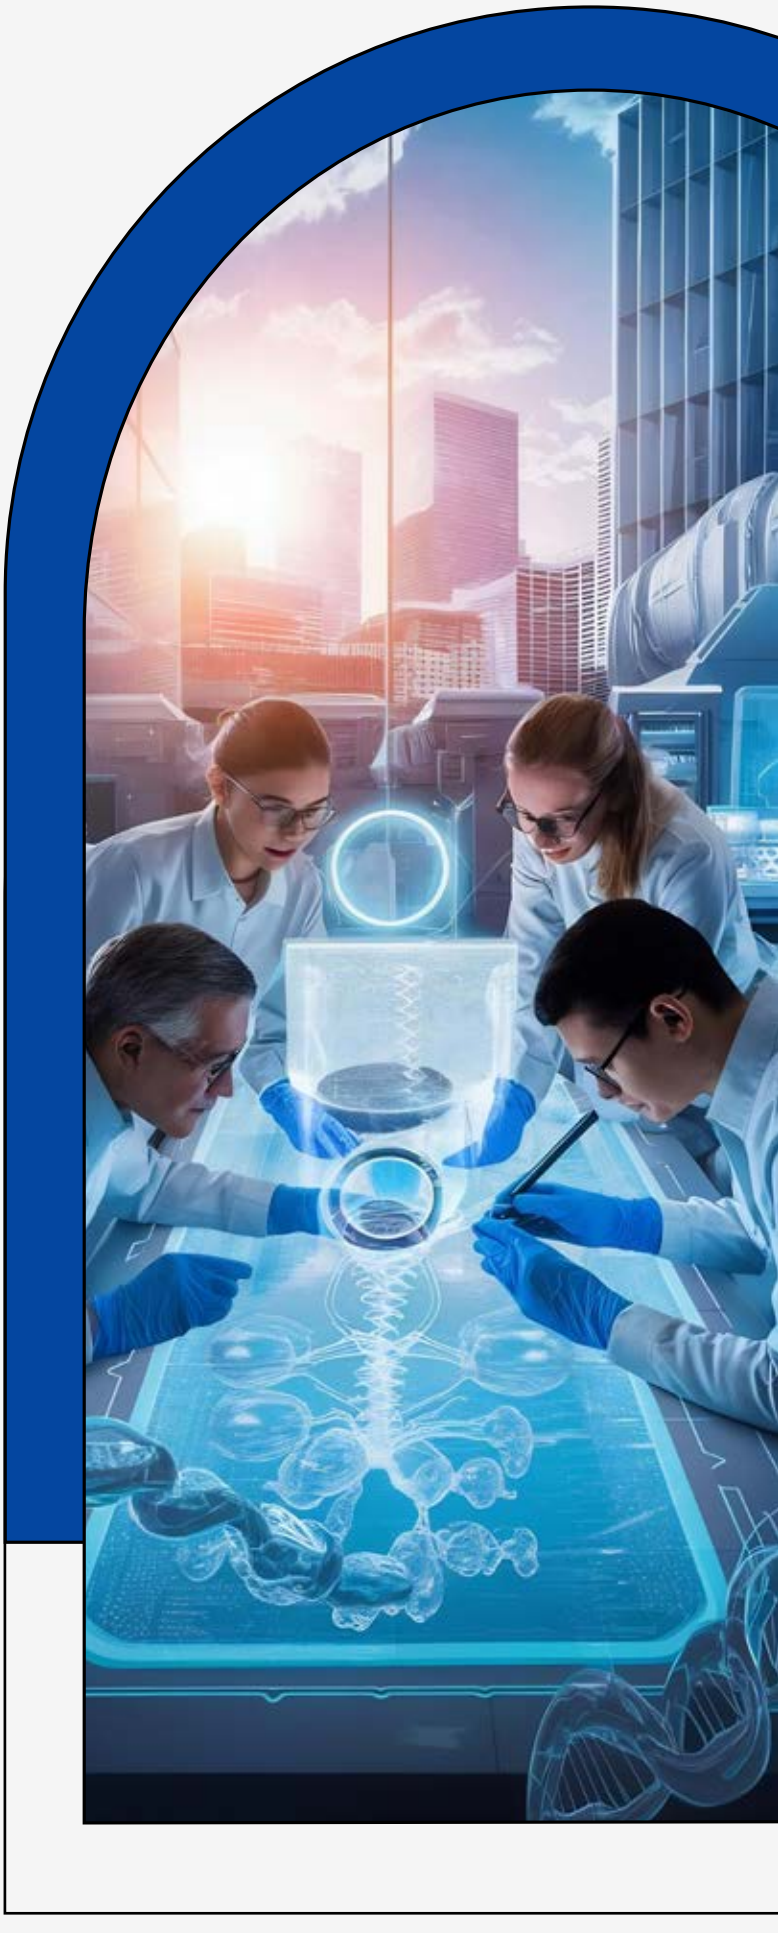

At DERMAEON, integrity is more than a value—it's our foundation. We earn the trust of dermatologists, skin specialists, and patients by ensuring every product is:

Backed by science

Clinically tested for safety and efficacy

Free from misleading claims

We are transparent about our ingredients, honest in our claims, and committed to skin-first, patient-centric ethics.

INNOVATION – A RELENTLESS DRIVE TO ADVANCE SKIN & HAIR SCIENCE

We don't follow skincare trends—we set new standards in dermatology. Our innovation is driven by:

- Cutting-edge delivery technologies
- Novel bioactives and clean-label ingredients
- Collaboration with clinical experts and scientific institutions

At DERMAEON, we strive to bring the next breakthrough in every bottle, cream, serum, or gel.

Excellence – Commitment to Clinical Quality and Performance

We adhere to the highest pharmaceutical-grade quality standards. From raw material selection to clinical validation, every product undergoes:

- Rigorous dermatological testing
- Stability and shelf-life studies
- Strict GMP and ICH-compliant manufacturing protocols

Our goal: Consistent results, trusted by professionals, and loved by patients.

Sustainability – Growing with Care for Skin & Hair, Society & Planet

Skin wellness should never come at the cost of environmental or social health. That's why we focus on:

- Biodegradable and recyclable packaging
- Green chemistry and plant-derived ingredients
- Fair trade sourcing and ethical manufacturing

We build solutions that are kind to your skin & Hair—and to the Earth.

THE DERMAEON DERMA PROMISE

We pledge to:

- Innovate responsibly with dermatological integrity
- Deliver evidence-based skin & Haircare that's safe, ethical, and effective
- Bridge clinical dermatology and holistic skin & Hair wellness
- Educate and empower patients and professionals
- Promote sustainability—one skin, one product, one planet at a time

DERMAEON

Where Science Meets Skin & Hair & Scalp

At DERMAEON, we believe that the skin & Hair and scalp are not just protective layers—they're vital reflections of inner health, confidence, and identity. Our Dermaceuticals Division is dedicated to formulating clinically advanced, evidence-based skincare and haircare products that go far beyond cosmetic effects to deliver tangible dermatological results.

By bridging the expertise of dermatologists, trichologists, formulation scientists, and skin & Hair biologists, DERMAEON creates next-generation treatments that address root causes, not just symptoms. We utilize potent actives, innovative delivery technologies, and deep biological insights to treat a wide range of skin & Hair and scalp concerns with care, safety, and science.

Whether managing acne, pigmentation, aging, dehydration, hair thinning, or scalp sensitivity, every DERMAEON product is designed to treat, restore, and protect—gently, effectively, and holistically.

CORE FOCUS AREAS

Acne Management & Oil Control

Formulated with salicylic acid, niacinamide, zinc PCA, and natural astringents, our anti-acne range helps:

- Unclog pores
- Soothe inflammation
- Control sebum production
- Prevent post-acne marks

All products are non-comedogenic, dermatologist-tested, and suitable for sensitive, acne-prone skin.

Skin Hydration & Barrier Repair

Infused with ceramides, hyaluronic acid microspheres, squalane, and panthenol to:

- Reinforce the skin & Hair's moisture barrier
- Lock in long-lasting hydration
- Calm and nourish reactive or post-treatment skin & Hair

Ideal for dry, irritated, or dehydrated skin conditions.

Hyperpigmentation, Radiance & Brightening

Clinically formulated with alpha-arbutin, tranexamic acid, vitamin C, and botanical depigmenting agents to:

- Inhibit melanin overproduction
- Fade dark spots and melasma
- Restore natural luminosity and even skin tone

Gentle yet powerful brightening for all skin types.

Anti-Aging Serums & Wrinkle Defense

Formulas enriched with encapsulated retinoids, peptides, and antioxidants that:

- Boost collagen and elasticity
- Smooth fine lines and wrinkles
- Defend against oxidative and environmental stress

Visible rejuvenation with minimal irritation.

Advanced Sun Protection (Broad-Spectrum SPF)

Infused with ceramides, hyaluronic acid microspheres, squalane, and panthenol to:

- Reinforce the skin's moisture barrier
- Lock in long-lasting hydration
- Calm and nourish reactive or post-treatment skin

Ideal for dry, irritated, or dehydrated skin conditions.

Hair & Scalp Wellness

Scientifically designed treatments powered by biotin, caffeine, redensyl, saw palmetto, and plant stem cells to:

- Reduce hair fall and breakage
- Improve hair density and scalp circulation
- Alleviate dandruff and scalp irritation
- Stimulate healthy follicle function

A comprehensive, trichologist-formulated solution for stronger, healthier hair.

ADVANCED INGREDIENT TECHNOLOGIES

Niacinamide Complex

Strengthens the skin barrier, reduces inflammation, and balances oil—ideal for acne-prone or sensitive skin and scalp.

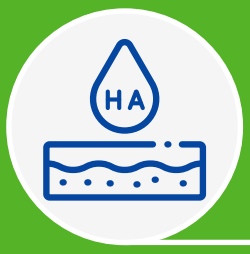

Encapsulated Retinoids

Delivers retinoids using microencapsulation for controlled release, ensuring maximum effect with reduced irritation.

Peptide-Enriched Hydrators

Stimulate skin regeneration and firmness using bioactive peptides for both skin and scalp renewal.

Hyaluronic Acid Microspheres

Provide deep-layer hydration, increasing suppleness and plumpness through advanced water-retention delivery.

Redensyl + Biotin Hair Complex

argets hair stem cells and dermal papilla cells to promote regrowth, strengthen roots, and revitalize the scalp.

Caffeine + Saw Palmetto Extract

Blocks DHT, improves blood flow to the scalp, and supports follicle vitality, helping to reduce androgenic hair loss.

PRODUCT PROFILE

TECHNOLOGY-BASED INNOVATIVE PRODUCTS HAIRCARE PRODUCTS -DRUG PRODUCTS		
Sr. No	Drug products	Drug category
1	Minoxidil Formulations	Alopecia
2	Ketoconazole formulations	Antifungal-Anti-dandruff

SKIN CARE ANTI-FUNGAL/ANTIBACTERIAL PRODUCTS		
Sr.No	Drug products	Drug category
1.	Luliconazole	Anti-fungal
2	Ketoconazole Bar	Anti-fungal Soap
3.	Amorolfine .5% cream	Anti-fungal

GYNAEC RANGE DRUG PRODUCTS	
Sr.No	Drug products
1	Terconazole vaginal Cream
2	Estradiol Gel

PAIN MANAGEMENT PRODUCTS		
Sr NO	Product	Indication
1	Diclofenac Gel	Inflammation and pain, Rheumatoid Arthritis
